

## IMPROVEMENTS IN PAVING ARE DECIDED UPON

City Commission Adopts a Number  
Measures to Provide for Bet-  
terment of Streets.

Many plans for the street im-  
provements in Rock Island were  
agreed upon at a meeting of the  
city commission yesterday after-  
noon.

One ordinance, offered by Mayor  
H. M. Schriver, provides for the  
laying of sidewalks of five feet  
width in several districts, as in-  
dicated below:

On the north side of Fifth ave-  
nue, from Eighth to Second street.  
On both sides of Sixth avenue,  
from Eighth to Second street.

On the south side of Fifteenth  
avenue, from Twelfth street west  
to an alley in the same block.

On the north side of Fifth ave-  
nue between Eleventh and Twelfth  
streets.

On the north side of Eighteenth  
avenue, from Fourteenth and  
a-half street to an alley in the  
same block.

On the north side of Eleventh  
avenue, east from Fourteenth and  
a-half street to an alley in the  
same block.

In front of lot 22, block 4, Twen-  
tieth-street addition.

In front of lot 15, Weatherhead's  
addition.

On the east side of Thirty-first  
street, from Fifth avenue south  
120 feet.

In front of lot, Bailey's Seven-  
teenth street addition.

On site north 50 feet and south  
93 feet on lot 24, Hale's addition.  
In front of lot 2 and north half  
of lot 3, block 30, at Chicago or  
Lower addition.

**Alley Paving.**  
An ordinance providing for the  
paving with brick of an alley ex-  
tending from Seventeenth to Nine-  
teenth street, between Fifth and  
Sixth avenues, was adopted unani-  
mously.

A measure recalling an ordi-  
nance of 1918 was passed con-  
firming an old plan for the paving  
of Twentieth street, between Sev-  
enth and Ninth avenues. Under  
the 1918 ordinance a contract for  
the project could not be carried  
out. A new ordinance is expected  
to be passed providing for the pav-  
ing, in order to allow for another  
contract.

**Alley Line Changed.**  
An ordinance changing the bound-  
ary line of an alley between  
Eighth and Tenth avenues, on  
Ninth street, was adopted by the  
body as a whole. The change  
means the revision of certain line  
details which will bring the alley  
in a line corresponding with other  
plans in the district.

**PROPERTY HOLDERS' NOTICE.**  
General No. 485.  
Notice is hereby given to all per-  
sons interested that the board of  
local improvements of the city of  
Rock Island, Ill., has filed in the  
county court of Rock Island, a cer-  
tificate of the cost of the improve-  
ment entitled in said court, "In Re  
Petition of the City of Rock Island,  
Illinois, to assess the cost of the  
construction of a sewer on Eight-  
eenth avenue from Twenty-ninth  
street east to a point 20 feet west of  
Twenty-ninth street," and said  
certificate also shows the court  
costs, the amount of accrued inter-  
est, and the total amount of said  
assessment and said certificate also  
states that the said improvement  
conforms substantially to the re-  
quirements of the original ordi-  
nance for the construction of the  
same, as required by law, and that  
final hearing on said certificate  
will be had on the 11th day of Au-  
gust, A. D., 1919, at the hour of 9  
o'clock a. m., or as soon there-  
after as the business of the court  
will permit. All persons desiring  
may appear on the hearing and  
make their defense.

Dated at Rock Island, Ill., this  
26th day of July A. D., 1919.  
H. M. SCHRIVER,  
M. T. RINGREN,  
FRANK WICH,  
JOHN MURKIN,  
WILLIAM FITZSIMMONS,  
Board of local improvements of  
the City of Rock Island, Illinois.

## People's Pulpit

Rock Island, July 28.—Editor of  
The Argus: There has been con-  
siderable talking and writing on  
the general subject of profiteering  
but I have seen no specific charge  
except the one I made some time  
ago on the price of straw as sold  
in Rock Island by the feed dealers,  
but this offense against the public  
is not confined to them.

Rock Islanders must have ab-  
solute confidence in the merchants  
of this city when they will pay  
any price asked by them for goods  
they are selling without question-  
ing the amount of profit they are  
making off them.

Here is a specific case: Mer-  
chants have been selling tomatoes  
at 22½ cents per pound for which  
they paid the truck farmer 12½  
cents, a clear profit for handling  
them over the counter of 10 cents a  
pound, almost 100 per cent profit,  
and this in a working class com-  
munity. The alarming part about  
this is that men look upon this as  
a legitimate profit, they do it  
without a twinge of conscience, or  
the moral sense that they have per-  
petrated a wrong upon the public.  
Everything is a "square deal" that  
they can get by with.

It is no wonder that working  
men are protesting against the un-  
just burdens they are called upon  
to carry. There should be a rem-  
edy for this kind of thing.

I suggest the following: The pub-  
lication of the price paid for goods  
wholesale. The privilege given to  
the thrifty public to purchase from  
wholesalers and jobbers at whole-  
sale prices.

There are scores of families in  
the city who would welcome with  
unbounded joy this privilege.

If we cannot get this privilege  
then we ought to have a municipal  
market. Sincerely yours,  
THOMAS HUGHES.

## FOUR DRUNKS ARE ARRESTED; SPEND SUNDAY IN CELLS

(Special Moline Service.)

Four drunks spent Sunday in the  
Moline city jail. Three pleaded  
guilty in the Moline police court  
this morning and the fourth will be  
arraigned this evening.

John McGlade, 50 years old, 1717  
Second avenue, Moline, was ar-  
rested at Third avenue and Eight-  
teenth street. He told police he  
was on a three day stew on boot-  
leggers' whisky. Then he said he  
took nerve medicine to recover  
from his condition. He said he  
bought the booze in Rock Island.

Eric Bloomberg, 340 Ninth street,  
Moline, arrested at Fourth avenue  
and Seventh street, said he had his  
liquor before July 1. Charles Sed-  
erlund of Swedona gave the same  
story. August LeCaes of Rock  
Island, arrested Saturday evening,  
will appear in police court this  
evening. McGlade and Bloomberg  
were each fined \$5. Sederlund was  
fined \$2.

Remember the G. W. Hill leaves  
Davenport 9:00 a. m. Rock Island,  
9:15 a. m. Moline 10:15 a. m. for  
Clinton Saturday, Aug. 2. Fare  
only 35c.

## HEADACHE Caused by Acid-Stomach

Yes, indeed, more often than you think,  
because ACID-STOMACH, starting with in-  
digestion, heartburn, belching, food-retain-  
ing, flat and gas, if not checked, will even-  
tually affect every vital organ of the body.  
Severe, blinding, splitting headaches are,  
therefore, of frequent occurrence as a result  
of this set condition.

Take EATONIC. It quickly banishes acid-  
stomach with its sour blast, pain and gas.  
It aids digestion—helps the stomach get  
full strength from every mouthful of food  
you eat. EATONIC is a powerful, yet gentle,  
weak and ailing because of ACID-  
STOMACH. EATONIC, created by hardy dig-  
ested food charged with acid, is absorbed  
into the blood and distributed throughout the  
entire system. This often causes indigestion,  
biliousness, dizziness of the liver, heart trouble,  
ulcers and even cancer of the stomach. It  
robs its victims of their health, undermines  
the strength of the most vigorous.

If you want to get back your physical and  
mental strength—be full of vim and vigor,  
enjoy life and be happy, you must get rid of  
your acid-stomach.

In EATONIC you will find the very help  
you need and it's guaranteed. So get a big  
box from your druggist today. If it  
fails to please you, return it and he will  
refund your money.

**EATONIC**  
(FOR YOUR ACID-STOMACH)

## When My Baby Smiles

WHEN that slow, sweet smile spreads  
over my baby's plump little face and  
his bright eyes almost disappear in one  
tremendous chuckle, I am the happiest  
woman alive.

Because I know, you see, that a baby only  
smiles like that when he is well—when his  
little stomach is digesting his food perfectly,  
when he is on the happy way to health.

I can hardly believe he is the  
same baby who used to have so  
much trouble with the curds of  
milk all through those long weary  
days when I first found I couldn't  
nurse him.

We knew he had to have milk  
in some form—and I bless the  
day when we found that Nestlé's  
Milk Food is better for a baby's  
stomach and easier to digest than  
any other form of milk.

You see, in Nestlé's the tough  
milk curds are broken up and made

Nestlé's is pure milk in powder form that is already modified and  
does not require the further addition of milk. Always pure and  
safe, always uniform, and free from the dangers of home modifi-  
cation, Nestlé's has stood the test of three generations and has  
today the largest sale of any baby food in the world.

You will never find Reynolds Shingles looking like these

## Shingle Curling

Recently it was brought to our attention that some  
dealers, who are handling competitive brands of com-  
position shingles, have, in an effort to sell their own  
merchandise, pointed out roofs with curled shingles and  
made the remark that they were Reynolds.

Our method of selling Reynolds products has always  
been along constructive lines. We have never before  
made mention of the other fellows' products. We have  
taught our salesmen and our dealers to forget about the  
other man's shingles and to talk nothing but Reynolds.

However, the condi-  
tions of unfair compe-  
tition have been such  
that we are taking this  
opportunity to declare  
ourselves and make  
some broad state-  
ments.

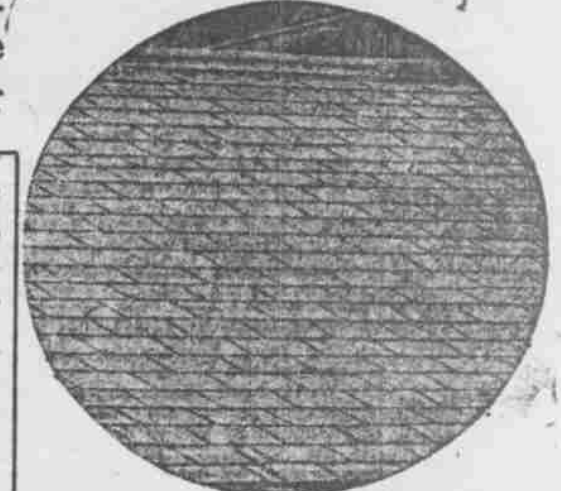

We wish to make the  
statement and we are  
prepared to back it up,  
that Reynolds Asphalt  
Shingles are without  
question the best com-  
position shingles that

Actual photograph of another make of shingles.  
Besides a hideous roof these curled shingles make  
a good lodging place for burning brands. In  
service three years.

have ever been manufactured. It is logical they should  
be. Our Mr. H. M. Reynolds was the originator of the  
asphalt shingles. With an unusual organization around  
him, he developed a superior product, which has main-  
tained a leadership for more than 18 years, in spite of  
the fact that many imitations have since been placed on  
the market.

Reynolds Asphalt Shingles have never been known to  
curl and we defy anyone to show us a curled Reynolds  
roof. We admit that many times someone has thought  
Reynolds shingles have curled, but in every instance  
we have proved con-  
clusively it was some  
other make of shingles.

We openly guarantee  
that Reynolds shingles  
will not curl. Our guar-  
antee is not only one or  
two years, but for a  
period of ten years. We  
are not taking any chances  
in doing so either. The first  
Reynolds covered roofs  
have been in service for 18  
years and all the shingles  
are as smooth as the day  
they were first laid.

Actual photograph of Reynolds Shingles. Note  
the uniform appearance and flat-laying quality of  
the shingles. An excellent roof, weather-proof,  
fire-proof, durable and beautiful. In service  
twelve years.

## Reynolds—the Shingles with a Real Guarantee

Not only are Reynolds Shingles guaranteed to last satisfac-  
torily for ten years, not only are they officially approved by the  
Fire Insurance Underwriters' Laboratories, but they are fur-  
ther, positively guaranteed to lie flat on your roof without curl-  
ing, for ten years! No other shingle made, we believe, is backed  
by such a far-reaching guarantee.

## What It Means to You

This guarantee means that you can have a roof that is beau-  
tiful, durable and long-lived, fire safe, and one that will grow  
more beautiful with age.

Reynolds shingles are made from high grade woolfelt thor-  
oughly saturated with PURE asphalt, by an especially patented

process and are surfaced with beautifully colored, non-fading  
minerals.

They come in the following shades, a pleasing gray green, a  
rich red and a dark reddish brown. All of them lend them-  
selves admirably to any decorative color scheme that is de-  
sired.

## Reynolds Shingles Make for Real Economy

Reynolds shingles last for many years—longer than the 10  
years for which they are positively guaranteed. They grow  
more beautiful with age. There is no upkeep or repair expense  
on your roof when you have a Reynolds Roof. Their approval

by the Underwriters Laboratories reduced your insurance  
rates. They add real value to your property.

Best of all, their first cost is no greater than that of the aver-  
age shingle. They cost \$8.50 a square (100 square feet of roof),  
delivered to your job.
